It is with great pleasure that we announce the **6th Biennial International Project Management Conference**, which will be held on September 20 & 21, 2011, at the Hyatt Regency Trinidad a part of the dynamic new Waterfront Center in Port of Spain. We would like to extend an invitation to your organization to participate as an exhibitor at this conference with seminar presentations and display space all within close proximity.

This prestigious milestone event for Project Management is being advertised globally through the Project Management Institute's (PMI) Global Operations to over 170 countries and will consist of 27 project management presentations by professionals from North America and the Southern Caribbean region including our local experts. We anticipate approximately 350 delegates would be in attendance.

Exhibitors will have the opportunity to display their products and services, perform live demos, proffer sample giveaways, and sell your display items to a wide-ranging audience over the two Conference days.

There will be international exposure and advertising across the Southern Caribbean region to Governments, Private Sector Companies and a network of professionals including regional consultants, project managers, contractors and executives representing industries in Government, Finance, Telecommunications, Information Technology, Engineering, Construction, Consulting and many other Service Groups and NGOs. This Conference is the region's largest project management conference and project management professional networking opportunity.

This year's Conference theme is '**BRIDGING THE GAP- Strategic Thought transformed through Project Management**'. The event will feature two high-profile international Project Management keynote speakers – **Mr. Gopal K. Kapur**, Founder and President of Center for Project Management, and **Mr. Eugene Bounds**, Past Chair of the PMI Global. We are looking forward to a truly dynamic meeting and would be delighted if you could be part of this experience.
